Hi, Joe. How are you? Just circling back to my email below about the cost and availability of the transcript of the Feb. 10th EPA public meeting on the GW PRAP? Please let me know when you can.

Thank you, Wanda

Hi, again. The Borough has also asked me to request a copy of the Transcript of the EPA's Feb. 10th public meeting when the GW PRAP was presented and discussed. Please let me know if there is a cost to obtain a copy and when it will be available. The Borough would like an opportunity to review it before the close of the public comment period on April 2nd. Thank you, Wanda

Subject: Copy of Power Point Presentation from Feb. 10th EPA Public Mtg. on GW PRAP for Ringwood Site

Hi, Joe. How are you? When you can, would you please email to me a copy of the Power Point Presentation used during the Feb. 10th EPA public meeting on the Groundwater Proposed Remedial Action Plan for the Ringwood Site? The Borough did not take a copy so that the other members of the public could take one.

Also, we received the summary chart showing the NJIT sampling for PFAS/PFOS that Craig Coslett received from you and forwarded to the Borough. The chart shows the sampling occurred on **May 18, 2019**. When did EPA find out about the NJIT study? I think Craig told the Borough that he was under the impression that Ken Petrone from DEP only recently contacted you about this – is that correct? We are just trying to gather information about this NJIT study and appreciate any assistance or information you can provide. Thank you, Wanda
